CAMP RULES

1. This is a Boy Scout event. No siblings or Cub Scouts are allowed to attend. Each Troop should provide the proper level of adult supervision.
2. ***NO alcoholic beverages.***
3. NO fireworks, firearms, bow and arrow, etc.
4. NO pressurized fuel equipment (lanterns, stoves, heaters, etc.) ***unless*** you have taken the Greater St. Louis Area Council Training and have received your ***Toasted Chit and have it with you.*** Charcoal or wood is recommended for all cooking.
5. NO flames of any kind inside or near a tent.
6. NO heaters of any kind inside or near a tent.
7. Kerosene lanterns may be used to illuminate the campsite. However, battery operated lanterns are much safer and shed much more light.
8. Water sources are for filling water containers and drinking only, not for bathing or for washing the dishes. Please ask your scouts not to play with the faucets. This creates a muddy mess in a very short time.
9. NO live trees may be cut. Please follow the ***Outdoor Code.***
10. NO digging around any tents. Use proper pitching to avoid ditching.
11. **Sheath knives are strictly forbidden for all Scouts: Boy Scouts, Adults and Leaders.** *Totin' Chip* is **required** by the Scout to carry a folding pocketknife. These tools must be used safely and properly at all times.

CAMPSITE INSPECTION - - A SCOUT IS CLEAN

Half the fun of camping is learning to camp right. Several excellent books are available through Council or through your local library. Don't forget to ask within your own unit. You may have an Eagle Scout among the parents or leaders. These Scouters are a great source of information.

Clean up is the responsibility of each Scout and leader who participates in the Spring Camporee campout. Before you can officially check out on Sunday, a staff member will inspect your campsite.

After lunch the Camporee staff will be wandering through the field performing campsite inspections. What we look for are:

- Duty roster completed and posted, usually near or on the dining fly
- Menu completed and posted on the dining fly
- Fires a minimum of 15 feet from the nearest tent
- ***No unattended fires***
- Medical kit easily accessible
- Leader's tent properly marked
- Tents set up in straight lines
- Food properly stored
- Cooking area neat and clean
- Hand washing station set up
- Gateway to campsite with Troop flag
- Creative interpretation of the camp theme
- Campsite is clean and well organized
- Any nifty or unique gadgets
- Proper use, display and storage of pressurized fuels **and** Toasted Chit cards!
- Patrol flags displayed at Patrol areas
- Ax yard properly setup and identified
